

BIRMINGHAM – CARDIFF – DUBLIN - GLASGOW - LEEDS – LONDON – MANCHESTER – NEWCASTLE - READING

TechUG is an independent user group community for Enterprise IT Professionals. We run local knowledge sharing and networking communities in 9 major cities around the UK&I . TechUG was started a number of years ago when a senior architect and engineer who worked for DLA Piper the law firm decided they wanted to create a local IT community in Leeds rather than have to head to London every time they wanted to learn something. The community went from strength to strength and now covers 8 cities in the UK & Ireland and are hoping to launch a 9th community in Reading or Basingstoke later in Autumn 2017. Each community hosts 2 full day user group events per year, these are run as full day multi theme conferences with a central networking and sponsors area.

Our community audience is focused on mid market to large organisation. Attendees are technically focused, job titles vary but include CTO, Data Centre Manager, Desktop Architect, Head of Infrastructure, Infrastructure Architect, Infrastructure Manager, IT Director, IT Manager, IT Security Manager, Network Infrastructure Manager, Storage Architect, Systems Engineer, Technical Architect, Virtualisation Engineer – essentially a senior technical architect, engineer, manager or director.

2017/2018 Sponsorship Packages

Let us know if you're interested in sponsoring multiple events and we'll put a package together.

Standard Event Sponsorship

TechUG Events have two cost levels (these price differences reflect our venue costs in the cities):

- Level A Cities (Leeds, Manchester, London) cost £2,250 + VAT per event to sponsor
- Level B Cities (Manchester, London) cost £2,000 + VAT per event to sponsor
- Level C Cities (Cardiff, Dublin, Glasgow, Newcastle, Birmingham & Reading) cost £1,650 + VAT per event to sponsor

TechUG Standard Event Sponsorship Includes:

- Display area of approximately 2m x 1m
- Speaker presentation opportunity—developed with TechUG
- Chance to interact with delegates throughout the day and active participation in discussion sessions with delegates
- Attendance for up to two representatives with lunch and refreshments
- Option to send us details of specific companies with whom you would like to engage
- Opportunity to post blogs and news on our website
- Branding included on agenda and event website plus speaker info featured on 3 x event marketing invitations
- Post-event report with opted-in attendee and non attendee contact information
